**State of Tennessee vs. The Center for Reproductive Health**

**I. Introduction**

Resolute Commercial Services ("Receiver") hereby submits this Receiver's Interim Report #10 pursuant to the Agreed Temporary Injunction ("Temporary Injunction") entered by this Court on June 24, 2024, as subsequently modified by this Court on October 4, 2024, and again on June 6, 2025 by the Order Amending Temporary Injunction ("Amended TI"). This report covers Receiver's operational and accounting activity from February 1, 2025 through July 31, 2025.

As described in more detail in prior reports, Dr. Jaime Vasquez ("Dr. Vasquez"), The Center for Reproductive Health, P.C. ("CRH"), the Center for Assisted Reproductive Technologies, LLC ("CART"), Fertility Laboratories of Nashville LLC ("FLN") and American Embryo Adoption Agency, LLC ("AEAA") (collectively, CRH, CART, FLN, and AEAA are the "Receivership Defendants" and together with Dr. Vasquez, the "Defendants") operated as a fertility clinic in Nashville, Tennessee since 1995 until early April 2024. The Receiver has been appointed Receiver for the Receivership Entities since April 26, 2024.

**II. Receivership Activity**

**a. Genetic Material On-Site**

**i. Storage, Maintenance, and Transfer of Cryogenically Frozen Material**

Pursuant to the orders of this Court, the Receiver transferred all genetic material from CRH to the Tennessee Fertility Institute ("TFI"). After receiving all genetic material from CRH, TFI conducted an extensive physical inventory audit of the genetic materials and then provided former CRH patients with identified cryogenically frozen genetic materials a notification letter detailing their specific results from the physical inventory audit and outlined disposition options for their genetic materials.

**State of Tennessee vs. The Center for Reproductive Health**

As of July 29, 2025, 155 patients have communicated a final disposition decision to TFI, 50 patients have responded to TFI with no final decision, 42 patients have not responded to the outreach, 29 patients have not been able to be contacted due to incorrect contact information, and 23 patients have not yet been contacted by TFI.

Pursuant to the First Amendment to Cryopreservation Services Agreement, TFI will retain the genetic material through August 31, 2025. During such time, TFI will continue to undertake its commercially reasonable best efforts to contact patients and coordinate the disposition of their respective tissues. See below in section "Resources" for additional information where patients can contact TFI. The Receiver has selected Haven Cryogenic as the long-term cryo-storage provider for the unclaimed genetic material. The remaining genetic material will be transferred to Haven Cryogenic after the August 31<sup>st</sup> Cryopreservation Services agreement expires, pending Court approval.

The genetic materials transferred and audited by TFI also included embryos, sperm, and oocytes identified as donated genetic material available for adoption. An agreement has been executed between the Receiver and Rejoice Fertility as of June 20, 2025 for the donated genetic material. Rejoice has agreed to accept and store all donated material at no cost to the Receiver. In July 2025, Receiver's Counsel filed the Motion regarding approval for the Transfer Agreement. There were no objections to the Motion. On August 4, 2025, the Court granted the Receiver's Motion. The Receiver is actively facilitating the material's transfer from TFI to Rejoice's facility in Knoxville, Tennessee.

The Receiver has continued to address any emails received at the designated patient medical record email address.

As of June 23, 2025, 481 boxes of medical records held by Vital Records were transferred to Morgan Records. The Receiver will provide updated information to the patients of CRH where they can request their medical records in the final patient mailing however A link for CRH patients to access their medical records has been provided by Morgan Records, [https://myrecords.morganrecordsmanagement.com/customer-payment-form/?provider\\_id=1788](https://myrecords.morganrecordsmanagement.com/customer-payment-form/?provider_id=1788).
