RE: **UPDATE – PART THREE IMPORTANT NOTICE REGARDING CLOSURE OF CENTER FOR REPRODUCTIVE HEALTH AND AFFILIATED BUSINESSES**

Dear Patient:

Many of you may already be aware that on or about May 28, 2024, CRH and its affiliated businesses were placed into Chapter 11 bankruptcies in the United States Bankruptcy Court for the Middle District of Tennessee (“Bankruptcy Court”) by their former principal Dr. Jaime M. Vasquez, M.D. The Receiver opposed the bankruptcy filings and sought their dismissal. Following extensive negotiations, the Receiver, counsel for CRH and its affiliates, the United States Trustee, and the Tennessee Attorney General, an agreement was reached to dismiss the bankruptcies and convert the Chancery Court’s previously entered temporary appointment order into a longer-term order called a temporary injunction. The bankruptcies were in fact dismissed on June 20, 2024. On June 24, 2024, the State Court entered an Agreed Temporary Injunction whereby the Receiver will continue managing the wind-down of CRH and its affiliates and complete the transition of services to another provider.

The Receiver continues to work with a healthcare provider to ensure that all embryos, eggs, and sperm samples are preserved and protected, and storage tanks are monitored and serviced regularly. The Receiver continues to receive and document requests for transfers of genetic material, which can be made by email at CRH-records@crhnashville.com with your full name, date of birth, and contact information for your preferred clinic/facility. These requests will be processed as quickly as possible **after** an inventory of the genetic materials is completed, and the Receiver has completed engagement of the medical professionals who will handle the transfer requests. The Court will also need to approve an agreement between the Receiver and the medical professionals. The Receiver is nearing finalization of the agreement that will allow for the inventory audit that will enable patients to transition their genetic materials to new providers, in coordination with the Tennessee Attorney General’s Office. Therefore, the Receiver is tentatively targeting transfer of the genetic materials to the new maintenance and potential long-term storage provider by August.

The Receiver is also continuing to work on fulfilling patients’ medical records requests. According to the Receiver’s records, all such emailed requests received through July 10, 2024 have been acknowledged and are being processed if the Receiver has all of the required information to process the request. We appreciate your patience while the Receiver’s Records Team continues to work through your requests.

If you have not submitted a records request, or if you have submitted a request prior to the date above and your request has not been acknowledged or fulfilled after you have sent a signed release, please email your request to CRH-records@crhnashville.com with your full name, date of birth,

contact information for the recipient of records, and details of what you are requesting. You will need to sign a medical authorization / release that will be provided upon receipt of your request.
